SUMMARY

I'm a young and passionate web developer. I have a total of 6 years of experience in the web development industry. I am currently learning Data Structures and Algorithms and Java.

I have worked at **@Credimeter'22** as a frontend web developer intern. Built web pages using React JS, Bootstrap CSS and Tailwind CSS. Worked on the backend using express and node. Currently working at **@Design Mentor'24** as a Software Engineer and Lead Developer.

EXPERIENCE

Software Engineer Jul 2024 - Present
Design Mentor India (Remote)

- Founder and Lead Developer of Design Mentor
- Created more than 50+ UI designs for Design Mentor and worked on improving the overall user experience

Frontend Web Developer Sep 2021 - Jan 2022
Credimeter India (Remote)

- Worked with the team primarily as a frontend developer and helped in backend too
- Developed web pages from Figma designs using React JS and Bootstrap CSS.
- Helped redesigning the official website of Credimeter using Figma

PROJECTS

Amazon Clone | *React JS, Firebase, Tailwind CSS, Bootstrap CSS, Firestore* June 2020 – July 2020

- Developed a full-stack web application clone of Amazon using React JS and Firebase
- Implemented the authentication feature which allows users to login and save their profile and items
- Add/Remove feature so that users can save the items they added to their cart

Todo List Web App | *Flask, SQL Alchemy, Database* June 2021 - June 2021

- Developed a Todo list web app using Flask and SQLite 3
- This web application has CRUD features which allows users to add, update, delete, etc.
- Hosted the website using Heroku

RecruitRain | *Next JS, Tailwind CSS, Next Auth* June 2024 – Present

- A platform which allows recruiters to post jobs and people to apply
- This application is currently working in progress and will be released soon

Arytionary | *Next JS, Tailwind CSS, Wiktionary API* January 2025 – January 2025

- A dictionary app built using Next JS that allows user to search the meaning of a word
- I have used Wiktionary API to search the meaning of that specific word
